

BEAVER CREEK RESORT COMPANY OF COLORADO
RULES & REGULATIONS OF COMMERCIAL OPERATIONS

Adopted 11-18-81
Revised December 7, 2023

1. PURPOSE AND SCOPE

- 1.1 A primary function of the Beaver Creek Resort Company is to maximize the competitive commercial environment for the entire Beaver Creek Resort and Subdivision (“Beaver Creek”) by enhancing the overall quality of the experience afforded the guests in Beaver Creek. To this end, the Resort Company has promulgated the following rules which are premised on the recognition that Beaver Creek competes with other destination resorts for the overall experience it offers its guests. Since this experience derives from the individual efforts of the diverse elements active in Beaver Creek, some coordination of effort is needed. At the same time, these rules recognize that the constituents of Beaver Creek are independent entities that should enjoy freedom of enterprise. The purpose of these rules, and of any further rules promulgated hereunder, is to afford the minimum amount of coordination necessary to maximize the overall quality of the Beaver Creek Resort. These rules are not intended to inhibit competition among the various elements in Beaver Creek, rather it is the policy of the Resort Company to encourage and foster the competition.
- 1.2 These rules shall apply to "Commercial Establishments", which is defined as any and all businesses selling goods or services to the public, including but not limited to restaurants or retail businesses within Beaver Creek that carry out “Commercial” activities. To the extent any hotel or lodge within Beaver Creek sells goods or services to the public or operates a hotel, such hotel or lodge shall also be deemed a "Commercial Establishment." For the purposes of this Regulation, office spaces, Vail Resorts ticket offices, the White Carpet Club and Beaver Creek Ski School will not be considered Commercial Establishments.
- 1.3 For purposes of this Regulation, "Pedestrian Plaza" shall be defined as the Beaver Creek Resort Commercial Area within Beaver Creek, as depicted in Exhibit A attached hereto and incorporated herein, other than streets and rights-of-way designated for use by vehicles.
- 1.4 The Beaver Creek Ice Rink is exempt from Pedestrian Plaza hours of Commercial activities for purposes of the Zamboni and maintenance vehicles required to operate during the Ice Rink hours of business.
- 1.5 Commercial Establishments, vendors or kiosks operating within Beaver Creek are required to possess a valid Beaver Creek Business License (see “Annual Business License Regulation”) while conducting business within Beaver Creek.
- 1.6 The Resort Company Board of Directors has the power to amend these Rules and Regulations from time to time, without notice, to ensure adequate coverage of the topics discussed herein or other topics that may arise through the growth of the area.

- 1.7 These Rules & Regulations of Commercial Operations supersede and replace the Rules & Regulations of Retail Operations last revised March 17, 2005, and the Beaver Creek Resort Company Design Review Board Resolution No. 01-1; A Resolution Adopting Rules and Regulations for the placement of Temporary Signs by Commercial Establishments within Beaver Creek dated November 21, 2001.

2. TRANSPORTATION

Any private vehicle accessing Beaver Creek for the purposes of conducting Commercial business will require a Business License and vehicle permit from the Resort Company. Oversized vehicles must obtain prior permission from Beaver Creek Public Safety for access to Beaver Creek.
- 2.2 Bicycle travel into Beaver Creek is permitted. Bicycles must adhere to all vehicle regulations for traffic safety.
- 2.3 Bicycles, rollerblades, skates and skateboards are not allowed to be used on the Pedestrian Plaza; they must be walked or carried within the Pedestrian Plaza.
